Description of the extention:

Extention-1

I hereby also apply a criminal complaint against the internet platform "Twitter" (Twitter, Inc 1355 Market St San Francisco, CA) for the following reason:

The platform Twitter is increasingly and aggressively disabling my Twitter-account. (see attachment-2)

It's beeing released ONLY AFTER PAYABLE SERVICES. This happened for example only within 10 days xxx times.

I assume that this procedure is used in order to prevent my activities against child abuse and child trafficking BUT also

because the CEO of Twitter, Jack Dorsay, appears/it is involved in my manuscript (see chapter "Bill Gates")

Extention-2

I am increasingly convinced that the wars in my native country (former Yugoslavia) — which were significantly influenced by former US Presidents Georg H.W.Bush and Bill Clinton (Jeffrey Epstein's well-known client) — were motivated by the purpose of human trafficking — at least: Like many other refugees, I also should be involved in human- and child-trafficking.

Following reasons lead me to this conviction:

1. It is remarkable that disproportionately large numbers of men and jung boys were murdered in the wars wich tuck place in the countries of former Yugoslavia! For example in Srebrenica of "Potocari" (it means "place of river/watter"; about the meaning of water in child abuse & ritual child killing see the manuscript chapter "We always win...") from 11-12 July 1999 were murdered/massacred over 8000 men (eventhough they were under the protection of **"Blue Helmets"**; (about the relation of "blue" color to child abusse se also the Manuskript chapter „Jeff bezos“: In addition, child abuse in UN circles--which includes Blue Helmets also--is a well known phenomenon! Follow: „**UN peacekeepers' child sex ring left victims, but no arrests**“ <https://www.foxnews.com/world/un-peacekeepers-child-sex-ring-left-victims-but-no-arrests>). These man could no longer protect their mothers, wives, daughters, children — also from deportation to many foreign countries where many of them are/have been victims of human trafficking;
2. After having followed the (hi)story of the "leaked emails of Hillary Clinton /2016,, for 4 years AND after having realised how a lead investigator (Robert Mueller) and a whole team of exquisite CIA-FBI-minds followed the "wrong track" for 2 years ("who hacked the emails") INSTED of investigating the contents of the leaked eMails, (which deal with ritual child-abuse & -killing; atrocities which are mainly managed by Mrs. Marina Abramovich (**see Attachment-3**) I am increasingly convinced that I also was intended for the same purposes as Mrs. Abramoai ch! (see (1*))

3. After the war in Kosovo, a criminal government — led by PM Hashim Thaqi — was installed; with considerable support of Western governments. (He has been repeatedly accused of human- and (allegedly) organ-trafficking but still has not been charged yet).

For 20 years now:

- 3.1. PM Thaqi (and the government he leads) are practicing the same reprisal methods against the population that I have been experiencing for 10 years now - with the same agenda; to enforce (the devastated) people/population into human trafficking: They have systematically destroyed the last remainings of the economy (which were already left over from the occupiers (Serbia) and from the war): They stifle all possibilities to revitalize the economy (for example through new investments) for more than 20 years!
- 3.2. As described in the manuscript (see chapter "Angela Merkel") PM Thaqi was involved in threats against me (together with Chancellor Angela Merkel);
- 3.3. Human trafficking in Kosovo/of Kosovars (& Albanians) is well known by all. To which the corrupt Thaqi-government — and foreign governments which helped him to come into power and are still supporting him daily — contribute significantly;
- 3.4. After the war in Kosovo, a significant number of NGOs and foreign "companies" came into Kosovo, which - apparently - are also involved in child and human trafficking. They are also supported by the corrupt government(s);
- 3.5. Judged by their behaviour — as they tried to frighten me by several occasions — I assume that many refugees from Kosovo and former Yugoslavia have been pushed into human trafficking.

The previous stated facts underline even more my assumption that all efforts which are described in my criminal complaint, my manuscript and here in this extension were made (are still made) to force me into human trafficking and child-abuse!

Yours faithfully
