Attachment-3: About Marina Abramovic

Marina Abramovich is a woman from former Yugoslavia, like me AND a close friend of Hillary Clinton and many other well-known personalities of politics, business and media. On purpos to support crowdfunding campaign of Hillary Clinton for example, Abramovic organized bizarre events under the name "Spirit Cooking"(follow many Google links)— with obvious cannibalistic and statistical elements. To the event attended many prominents of politic, business, and media— including John Podesta (a well known figure of Democratic Party and a White House chief of staff during the Obama presidency).

Mrs. Abramovic is also highly represented (also with cannibalistic and statistical themes) in the leaked emails of Hillary Clinton. These are exactly the contents that were NOT investigated by the main investigator Robert Müller and his team of CIA-FBI & Co!

In following are ONLY some examples of Mrs. Abramovic's activities — thet clearly show cannibalistic and statistical elements (The samples have been taken from:<https://vimeo.com/36061419> and Google)

The screenshot shows the top portion of a Vimeo video player. The video frame displays a close-up of a person's arm being cut with a knife. The Vimeo interface includes the logo, navigation links, a search bar, and a 'Neue Videos' button. Below the video frame, there is a promotional banner with the text 'Videos erstellen, hochladen und im Livestream zeigen – alles in HD.' and buttons for 'Anmelden' and 'Registriere dich bei Vimeo'.

This screenshot shows a different frame from the same video, focusing on a person's torso with a large, bloody wound. The Vimeo player interface is visible, including the video progress bar which shows a timestamp of 00:57. The same promotional banner and navigation elements are present at the bottom of the player.

The final screenshot shows a person lying on a table with a large, bloody wound on their back. The video player interface is visible, with a progress bar showing a timestamp of 00:53. The promotional banner and navigation elements are consistent with the previous screenshots.

On the room's round tables, nudes were draped with skeletons, a nod to one of Abramović's performance pieces.
